### Education

**General Assembly**  
Software Engineering Immersive

**Timber Training Creswick**  
Misc. Sawmilling Certificates

**ACFB**  
Diploma of Remedial Massage

### Skills

HTML & CSS	SQL & PostgreSQL
Javascript, React & TS	Python & Flask
Node & Express	MVC Pattern
Shell Commands	REST Architecture
Full Stack CRUD apps	API's & JSON

- Risk mitigation
- Attention to detail
- Problem solving
- Re-prioritization
- Empathetic approach

I highly value integrity, transparency, understanding and having a growth mindset. I strive to embody these values in everything I do both personally and professionally.

My passions include, but aren't limited to, psychology cooking (and eating!), gaming and tech, fitness and interpersonal relationships. I'm highly motivated by the people in my life and love rising up to challenges that move the entire community toward a better tomorrow.

### Experience

#### Student Success Specialist

General Assembly 2023 - 2024

- Supported hundreds of adult learners through intensive IT bootcamps and short courses.
- Worked collaboratively across departments utilizing a range of software (e.g. Salesforce, Trello, Google suite).
- Analyzed and improved upon existing procedures, to improve the student experience and outcome.
